

RMCI, Inc. Receives Global Trade Award

October 28, 2021

Huntsville, Alabama –RMCI, Inc. has been selected as the winner of the 2021 Global Trade Award presented by the North Alabama International Trade Association and the Port of Huntsville. The presentation occurred during the 38th Annual NAITA World Trade Day luncheon held on Thursday, October 28.

The NAITA Global Trade Award honors businesses for their dedication in pursuing and penetrating global markets. RMCI is recognized for success in developing trade relationships in Europe, the United Kingdom, Africa, Latin America, Canada, Asia, the Middle East, and Oceania. At the same time RMCI has made significant contributions to the advancement of aviation safety internationally. RMCI created and developed the Expandable Rotorcraft Diagnostic System or XRDS™. The XRDS is a next-generation technology that provides Health and Usage Monitoring (HUMS) for helicopters and fixed wing aircraft. The system provides early warning (weeks and months in advance) of emerging problems with an aircraft. It also provides Flight Data Monitoring for Flight Operations Quality Assurance, and maintenance features such as rotor smoothing. The XRDS is certified by FAA and Transport Canada and is fielded on over 14 different types of aircraft. It is extremely lightweight and designed with powerful on-board, real-time processing capability, powerful machine learning analytics, and easy to use ground station software that is suitable for fleet management. This highly advanced aviation technology improves safety and reduces aircraft operation and sustainment costs.

“We are very honored to receive this award, and we are thankful for our customers and supporting partners, such as the Aviation Public Safety Association, Helicopter Association International, Helicopter Association Canada, APSA, HAI, HAC, Quad-A, TCCA, FAA and others”. --Kenneth Speaks, the company’s CEO.

About RMCI, Inc.

RMCI is a global leader in rotorcraft science and technology with a history of expert scientific research and development and experience supporting HUMS on more than 3,000 helicopters.

About NAITA

The North Alabama International Trade Association (NAITA) is a business-driven organization that provides international trade advocacy, training, and networking to promote economic growth in North Alabama and across the Tennessee Valley region. The non-profit membership organization prepares, facilitates, and supports international business success via education on trade issues and mechanics, as well as networking with peers, experts, and trade officials. When applicable, NAITA will work with the award recipient to complete an application for the “E” Award, designated by the President of the United States and is the highest honor an American firm can receive for exporting activity.
