PRESS RELEASE

Meeker-Airfilm are pleased to announce we have received both EASA and Transport Canada Approval for our **Bell 505** Utility Heavy Side mount and Down Post mount STC. The Heavy Side mount can be used for large format camera systems, Lidar etc. The Down Post mount can be used for smaller systems such as the MX10, speakers, downlinks etc. EASA certification will be obtained this year as well

For further information, please contact us meekeraviation@yahoo.com.
